Give Thin Hair A Fat Chance

Before XFusion

After XFusion

before

after

“XFusion is one of the most exciting new products for our salon. Most of our clients were not aware that they could transform their thinning hair so quickly, easily and economically.”
Keith Sanchez, Hair Designers of Houston, Houston TX

XFusion Makes Thinning Hair Look Thick and Full in 30 Seconds or Less

Men and women alike will love the immediate impact of XFusion Keratin Hair Fibers on their appearance. Simply shake XFusion into any area of thinning hair. The organic keratin fibers instantly cling to and fill out existing hair. In a matter of seconds, hair looks significantly thicker and fuller, and scalp show-through disappears. And XFusion lasts all day, through perspiration, wind and rain, as only shampoo will remove its magnetized protein fibers.

“

I couldn't believe the change in my appearance. In less than a minute I saw myself with a full, thick, natural head of hair. My friends say I look 10 years younger. And nobody knows that my hair had a little help

Pat Egan, Sarasota, FL.

Look Years Younger – Naturally!

Because XFusion's colored organic fibers are made of pure keratin protein – the same protein that makes up human hair – it offers a completely natural solution to thinning hair. Add to that the fact that XFusion comes in the eight most common hair color shades and is undetectable even to the trained eye, and you've got a safe, effective and inexpensive daily solution for thinning hair.

XFusion facts:

XFusion is...

- Available in black, dark brown, medium brown, light brown, blonde, white, grey, and auburn.
- Completely natural, colorfast and non-toxic; it will not stain, run, or harm clothing or skin.
- Designed to enhance the sparsest areas, but is not appropriate for completely bald individuals.
- Perfect for men and women; use it every day, or only to create special occasion and evening looks.

“ Our clients love XFusion because they say it gives them the full, thick head of hair they used to have. It’s become one of our most popular products.
Joan Rommeihs, Salon Bangles, Springfield NJ ”

Easy application

- 1 Wash and dry hair completely.
Use only on dry hair.
- 2 Hold bottle 2-3 inches above the thinning areas.
- 3 Shake XFusion liberally onto the desired areas.

Before XFusion

Step 2 & 3

“XFusion is great for special occasions. I use it whenever I want to look my best and feel most confident. I keep a spare bottle on hand for travel. I never want to be without it.”
Chris Whitworth, Los Angeles, CA.

after

After XFusion

- 4 Gently pat hair to disperse fibers. Style using a plastic, non-bristle brush or comb. Hair will be much more manageable with the added bulk of the XFusion fibers.

Long lasting results

XFusion Fiberhold Spray strengthens the bond between XFusion Fibers and thinning hair.

It intensifies the magnetic attraction and assures that the fibers will stay in place under all conditions.

XFusion makes my salon clients feel better about their hair. I recommend it wholeheartedly because it is safe and natural, and gives remarkable results.

Cookie, Jay's of Delray, Delray Beach FL

For better results

The XFusion Spray Applicator can help deliver even better results with XFusion in many cases. The Spray Applicator fits on the cap of the bottle after the sifter is removed. It disperses the fibers even more uniformly than by shaking; it can help fill out larger areas more easily and also allow you close and precise enhancement of smaller areas.

XFusion Spray Applicator | US Patent # 16018,900100

“ I was really skeptical when my stylist suggested I try XFusion. But even as she began to shake the fibers into my thinning hair, I saw years disappear with a single application. Now that I've found this remarkable product, I don't even think about my thinning hair problem any more. ”
Bernadette Harwood, West Haven, CT.

Figure B

The XFusion Hairline Optimizer enables the user to get a perfect result at the frontal hairline every time.

The irregular array of teeth simulates a natural hairline and allows XFusion Fibers to fall in a random pattern. It helps avoid any appearance of straight lines, and prevents fibers from falling onto the forehead.

Select Your Hair Color

XFusion comes in 8 shades to blend with any hair color.
Colors can be mixed for a perfect match every time.
